The Treasurer

Elections are upon us! Planning for the upcoming year has begun! Those Brothers who hope to be elected or appointed to serve our lodge are actively working on a direction to maintain and improve upon the work of those before them. Programs, events, lists for instructors and committeemen, budgets and a host of other items necessary to properly run a lodge are being considered.

Did you notice I said budget? Yes, even

that most boring of all tasks, The Budget, is under consideration for approval by the craft. Although the budget is the last thing most incoming Masters want to consider it serves as a simple plan for the desired activities of our lodge. It also serves as a barometer of the future success of Eola Lodge # 207.

As I have reported before, our finances are in good shape and we have the funds to run our lodge properly. However, as I have also reported, we have been running a deficit for the last several years. This does not bode well for the future of Eola. While we have sufficient funds for the near term, it is prudent upon our incoming officers to look to the horizon and make plans accordingly so that our lodge maintains a healthy financial position.

For years we have beat up on the expense side of the budget, but have not increased our income. Expenses tend to rise without any help, but increasing income takes thoughtful, purposeful action. Your Budget, Finance and Investment Committeemen are looking at ways to increase our income. As members of the craft, we ask that you be aware of this and consider the long term future of Eola when ideas and plans are presented for consideration. Remember, this is your Lodge. It has been in existence since 1923. It is the largest in the District. Let's keep it around for hundreds of years!

Harry Brumley, III, PM
Treasurer
